---

## PROFESSIONAL SUMMARY

Senior technology professional with 13+ years of experience spanning **Cloud & DevOps, Generative AI, Enterprise Integration, and EDI solutions**. Proven expertise in architecting and migrating large-scale enterprise systems to AWS, building AI-driven automation and RAG-based solutions, and leading global integration programs in logistics and supply chain domains. Strong background in Python-based development, CI/CD pipelines, infrastructure as code, and stakeholder-driven delivery of mission-critical systems.

---

## CORE SKILLS

### Cloud & DevOps

AWS (EC2, S3, Lambda, VPC, IAM, RDS, CloudFront, Route 53, CloudWatch), Infrastructure as Code (CloudFormation), Serverless Architecture

### CI/CD & Automation

Jenkins, GitHub, GitLab, XLDploy, Render, Automated Monitoring & Alerting

### AI & Generative AI

OpenAI APIs, LangChain, RAG, Gemini, AI Chatbots, Intelligent Document Processing, AI-driven Automation

### Enterprise Integration & EDI

ANSI X12, EDIFACT, XML, Flat Files, IBM Sterling Integrator (SBI), IBM WTX, AS2, FTP, SFTP, REST APIs, Web Services

### Programming & Frameworks

Python, Flask, FastAPI, React, JavaScript, HTML, CSS

### Databases

MongoDB, MySQL, Oracle

### Domain Expertise

Supply Chain, Shipping & Logistics, ERP & B2B Integrations

---

## PROFESSIONAL EXPERIENCE

### Technology Team Lead

#### Infosys – Dubai, United Arab Emirates

*Jan 2018 – Present*

- Led migration of legacy EDI and integration platforms to **AWS Cloud**, improving scalability and reducing operational costs by **40%**.
- Architected **serverless AWS solutions** using Lambda, S3, CloudFront, and API-based integrations to process high-volume EDI transactions.
- Designed and implemented **Generative AI and RAG-based enterprise search solutions** using LangChain and OpenAI, enabling intelligent document retrieval.
- Developed **AI-powered chatbots** using Flask and OpenAI APIs to automate customer queries and operational workflows.
- Automated B2B integrations with global logistics partners using **ANSI X12, EDIFACT, AS2, FTP, and SFTP** protocols.
- Implemented real-time monitoring, alerting, and error handling using **AWS CloudWatch** and Python-based automation scripts.
- Led and mentored teams responsible for EDI partner onboarding, ERP integrations, and production support.
- Coordinated with business and technical stakeholders to align cloud and AI initiatives with enterprise objectives.
- Delivered training sessions to upskill teams in cloud, DevOps, and emerging AI technologies.

---

### Senior Application Developer

#### CMA CGM – Dubai, United Arab Emirates

*Oct 2013 – Dec 2017*

- Designed and developed enterprise-grade **EDI integrations** supporting global shipping and logistics operations.
  - Built API-driven EDI solutions automating freight tracking, customs clearance, and carrier communications.
  - Developed Python automation scripts to process complex EDI messages, reducing manual intervention by **50%**.
  - Optimized EDI mappings and transformation logic, improving operational efficiency and reducing data errors by **30%**.
  - Integrated EDI platforms with customs authorities and logistics providers to ensure regulatory compliance.
-

## Associate Software Engineer

**L&T Infotech – Mumbai, India**

*Aug 2011 – Sep 2013*

- Developed and maintained EDI workflows and backend applications supporting ERP integrations.
  - Created test cases and automation scripts to improve application quality and reliability.
  - Debugged and optimized applications across EDI, databases, and integration layers.
- 

## PROJECTS

### **WhatsApp Automation Bot**

Technologies: Twilio, Flask, Python, MongoDB, Render  
<https://wa-auto-mise.onrender.com>

### **AI PDF Chatbot & Summarization Tool**

Technologies: Gemini, Flask, Python, Render  
<https://pdfchatbot-flask.onrender.com/>

---

## EDUCATION

### **Bachelor of Science in Information Technology**

Vivekananda Education Society, Mumbai  
*Aug 2008 – Jul 2011*

---

## CERTIFICATIONS

- AWS Certified Solutions Architect – Associate (2023 – Present)
  - AWS Certified Cloud Practitioner (2022 – 2025)
  - Generative AI with Large Language Models (2024)
  - Certified MongoDB Developer & Administrator (2017)
  - Apache Spark & Scala Certification (2017)
- 

## AWARDS & RECOGNITION

- Infosys Insta Award (Mar 2021, Mar 2023) – PROD incident backlog reduction
  - Infosys Quarterly Award (Aug 2022) – Digital transformation excellence
  - Multiple Appreciation Badges (2022–2023) – Leadership in EDI solutions and production support
-

## **LANGUAGES**

English (C2 – Proficient)

Urdu (C2 – Proficient)

Hindi (C2 – Proficient)

Arabic (Beginner)
